PROFESSIONAL SUMMARY

Computer Science undergraduate with strong skills in Full Stack Web Development, backend systems, and real-time application development. Experienced in building responsive web applications using React, JavaScript, Spring Boot, REST APIs, MySQL, and JWT authentication. Hands-on experience in developing secure and scalable systems through internships and academic projects. Passionate about building modern web applications and improving problem-solving skills.

EDUCATION

Bachelor of Technology in Computer Science | GITAM University, Bengaluru

2023–Present | CGPA: 7.41

Intermediate (Class XII) | Narayana Junior College | State Board

2021–2023 | 69.3%

Secondary School (Class X) | Narayana English Medium High School | State Board

2021 | 89%

SKILLS

- **Programming Languages:** Java, Python, C, SQL, JavaScript
- **Frontend:** React (Vite), HTML, CSS, JavaScript
- **Backend:** Spring Boot, REST APIs
- **Database:** MySQL, H2 Database
- **Tools & Platforms:** GitHub, Maven, VS Code
- **Security & Authentication:** Spring Security, JWT

INTERNSHIP

Full Stack Development Intern | Internship Project

GITAM University

- Developed a Disaster Management and Alert System using React and Spring Boot
- Implemented secure JWT-based authentication and responsive dashboards for Admin, Citizen, and Responder modules
- Integrated REST APIs, real-time alerts, and incident tracking with MySQL/H2 database support
- Used GitHub, Maven, and VS Code for development and version control

PROJECTS

Smart Task Collaboration Platform

- Developed a full-stack task management platform using ReactJS and NodeJS
- Implemented JWT authentication, REST APIs, and role-based task management
- Integrated Redis caching, MySQL/PostgreSQL, and Docker for scalable deployment and optimized performance

CERTIFICATIONS

- Crash Course on Python | Coursera
- HTML and CSS in Depth | Coursera
